ABOUT ME

I graduated from SheCodes Front-end Development workshops this year, earning my diploma as a Junior Front-end Developer. After spending years in the retail industry, I knew I wanted to branch out into a different field. Developing was something that excited me, and I am looking forward to learning more and collaborating with other professionals.

WORK EXPERIENCE

HOMEGOODS   **2024-2025**

Stockroom

Maintaining quick flow of products from truck to sales floor.

DOVER SADDLERY   **2022-2024**

Lead Key Holder

Leading team in absence of store manager. Prioritizing customer engagement and an orderly sales floor. Shipping and receiving packages.

PROJECT EXPERIENCE

WEATHER APP   **2025**

Front-end Developer

Built using Vanilla HTML, CSS, and JS. Pulled data from a weather API using Axios.

DICTIONARY   **2025**

Front-end Developer

Used React.js to create a dictionary site. I used two APIs - one for the dictionary data and one for the images.
